MONTHLY PERFORMANCE REPORT FOR AUGUST 2021
PERFORMANCE AGAINST THE PLANNED ACTIVITIES FOR THE MONTH OF MAY 2021
1ST SEPTEMBER 2021

PLANNED ACTIVITY	TARGET	ACHIEVEMENT	LESSONS LEARNT,COMMENT, CHALLENGES AND WAY FORWARD
Drop in Clinic	4 drop in clinics a month (one per week)	Due to lockdown restrictions 3 drop in clinics were conducted during the period under review. A total of 35 children were received during the period under review and 4 of whom have responded positively to the exercise such as starting to grasp food by their own, siting and many others.	The numbers reduced due to the lockdown restrictions. With continued communication to the clients about the re-opening, more numbers will be registered per visit There is need to make follow up on some of the children's family for further psychosocial support.
Outreach Clinic	1 per month (80 patients)	During the period under review a total of 120 patients were attended to. However the low turn up was caused by the impact of the lock down. .	Patients were used to the home delivery system caused by COVID lock down hence the low turn up but the number is expected to raise in the coming month Patients are also responding positively to the medication as reported by the care givers and observed by the medical team.
Centre General clinic	1 per month (60 patients)	112 received medical supplies during the exercise during the month under review. 9 of whom were 1st time recipients of the	Some of the patients did not turn up due to the lockdown hopping that the organisation was to make delivery to the

		service.	coordinators for distribution Prior communication to the beneficiaries needs to be done especially to those with contacts.
Construction of medical facility at the home	1 health facility	99% of the construction works have been accomplished and currently even the wiring process has been kick started. Construction of the guest wing has also been kick started and currently final finishing in the interior of the house is being done.	Health facility has to be equipped with the necessary equipment for it to fully operationalize. The guest house shall be a source of income for the organisation once accomplished.
Home Visits	40 households	Due to COVID restrictions, only 3 households with children with multiple disabilities were visited to ascertain the condition of the children given the fact that they had taken long to turn up for the drop in clinics. During the visit the team was able to share with the care givers	More visits to be conducted in the forthcoming months to keep the care givers on truck and also promote the rights of children with multiple disabilities in the community
Education programme	20 Children	As a result of the presidential guidelines on COVID 19, all schools were closed and hence all children currently don't go to school till further notice.	All government scheduled are to be adhered to The school going children are always taken through simple lessons to refresh their minds
Therapy for the resident children	60 children	79 resident children in the home were able to receive therapy during the month under review, and there has been progressive response in terms of mobility capabilities of the children.	The children are to be subjected to a daily schedule of therapy for them to enhance their mobility capabilities.
Routine medical care	30 children	A total of 10 children and 6 staff members manifested with malaria and were all treated and are now in good health while one child under went optical check-up and is also now feeling better.	There is need to have all the necessary drugs in stock to always avoid short comings There is need for replacement of some of the mosquito nets to reduce on

			the risks of exposure.
Registration of new children	0	3 new children were registered to the home during the month under review all these were referred to the home through the police and probation office after being abandoned by un identified persons in different locations	**Kato Hussein (4yrs) -** during the home visits, it was identified that Kato's grandmother had become seriously ill and could no longer take good care of him hence taking him up for proper care. **Namala Nichole (8yrs) -** Was abandoned by the care givers on the streets of Kampala and was later referred to Home of Hope by Police for further management. **Kusasira Peace (2½ yrs) –** Was abandoned at the gates of an NGO supporting orphans who late referred her to HoH for further management.

Prayer points

- ✓ *Pray for perfect health of all the children and staff at the home.*
- ✓ *Pray for more provision in abundance at the home to be able to meet all home needs*
- ✓ *Equipping the health facility with all equipment required for its operation.*

Conclusion

Great thanks and gratitude go to all those who have supported the home spiritually, morally, socially and economically. For without your efforts little or less would have been achieved in this service. Our prayer is that God keeps on blessing the works of your hands abundantly. We also pray that the almighty keeps on providing for the needs of the children in the Home. ***GOD BLESS YOU ALL.***
